**PROGRAMME MODALITY: This sector comprises specialized technical agencies. Whereas programme priorities will be jointly agreed, each specialized agency will be required to incorporate its specialization in consultation with the technical units with respective headquarters**

Gender considerations By GTF

- ✓ Ensure in all capacity building activities at least 30% women participation.
- ✓ All data to be desegregated by sex.
- ✓ Ensure gender sensitive and HRB approaches in designing and implementation and M&E processes.  
Ensure documentation and reporting on gender specific achievements
